

Silicone Spoons and Fork Set With Wooden Handle

Silicone Spoons and Fork Set With Wooden Handle Silicone Baby Spoon and Fork Set Bpa Free Food Grade Eco-friendly Led Weaning Baby Flat-ware Sets Toddler Feeding Utensils for Child 6 Months+

Product Details Description

01 Safe Baby Spoon And Fork :

Bangxing baby utensils set is made from BPA, PVC & LEAD-FREE food grade silicone and natural wood (handle grips). It's 100% plastic free.

02 Baby Through Toddler Hood To Use :

Bangxing baby feeding spoon and fork head is not too wide, also not too deep. It's narrow and small enough for baby's small mouth. Therefore, your baby can easily eat the food on the spoon and fork without being too much. It fits for the babies & toddlers 6 months and up.

03 Good For Baby's Sensitive Gums :

The teething babies love to chew on the spoons and forks. Benefiting from the soft silicone and organic wood material, Bangxing silicone baby utensils set is gum-friendly to your baby. Now, you don't have to worry that your baby's mouth or gum will be scraped by the metal or hard plastic utensils.

04 Easy For Both Parent & Baby :

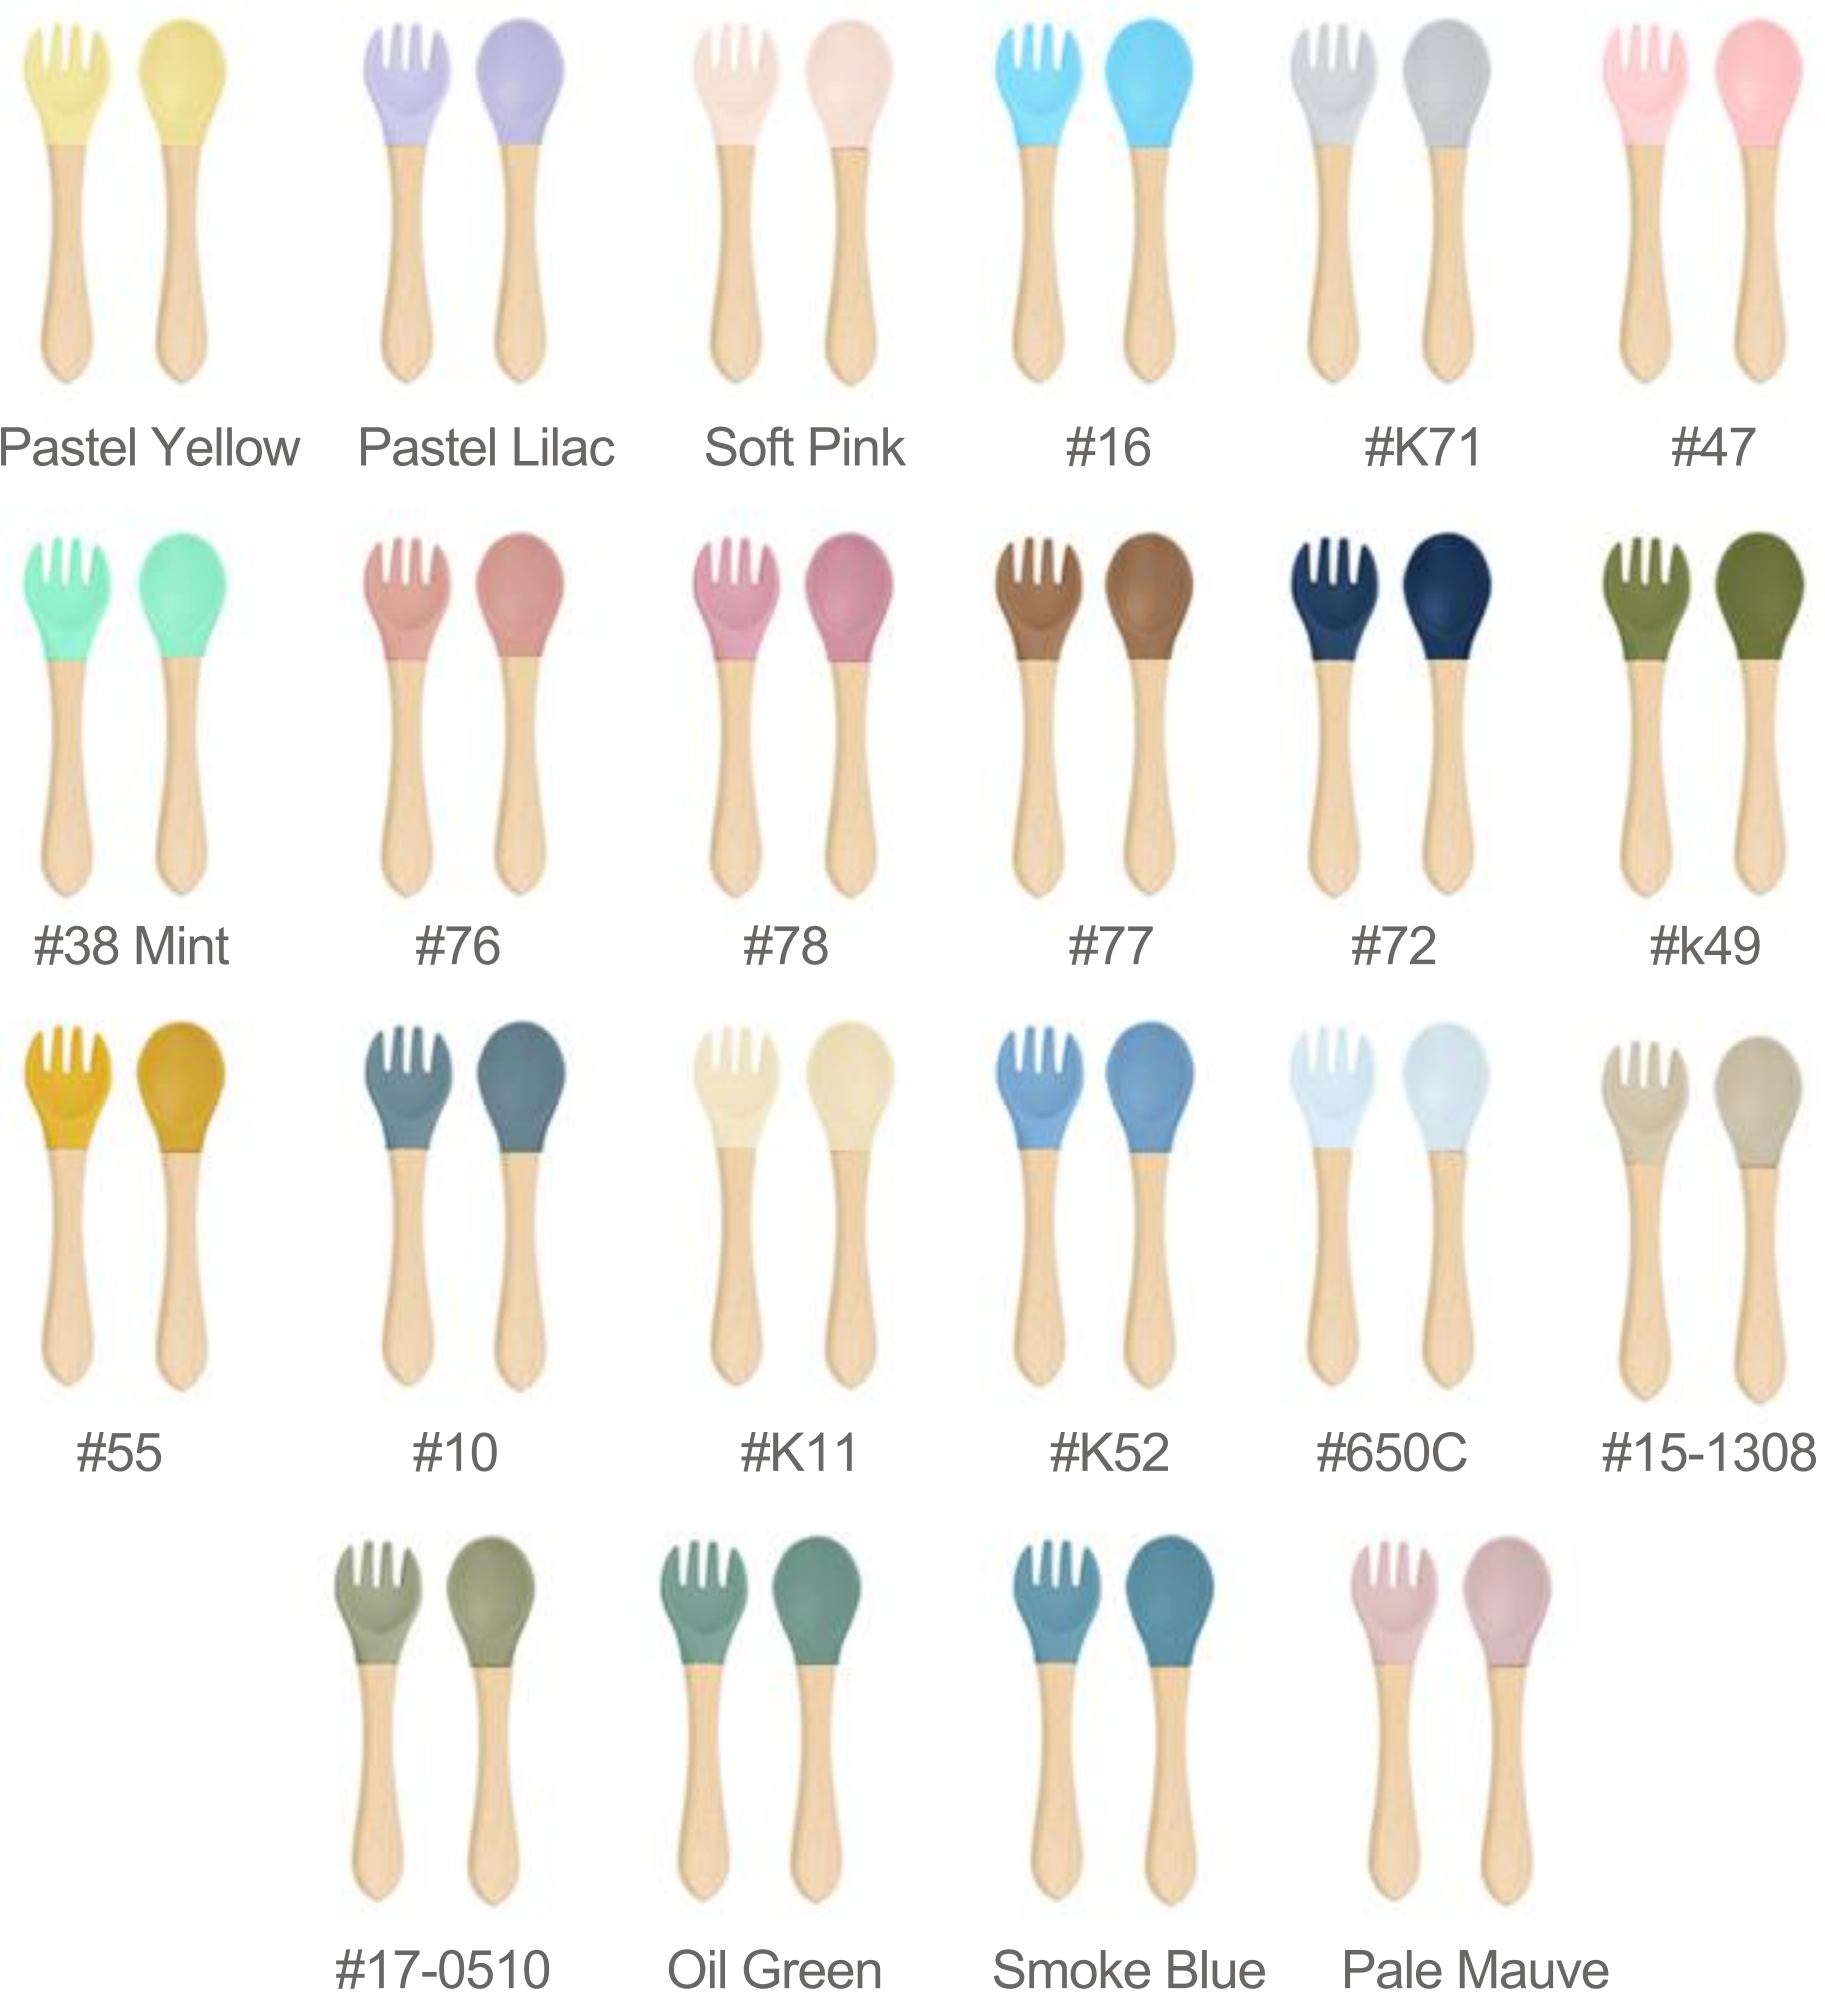

Bangxing baby led weaning spoon and fork have the perfect length and size for babies to feed themselves. They also have a long & big enough wood handle grip; parents can feed their infant with an ease. So, you don't have to worry about your hands cramp up on a tiny spoon handle.

05 Aesthetically Pleasing And Super Functional :

The edge of our toddler utensils mouthpiece is well-designed, so it makes it easy to scoop up the baby food. Babies can learn some basic self-feeding skills with our baby utensils. Such as scooping, cutting and slicing.
