

Silicone Feeding Spoon

Silicone Feeding Spoons for First Stage Baby Infant Soft-Tip Easy on Gums Training Spoon Supplies Baby Utensils Feeding Dishwasher Boil-proof Toddlers Silicone Spoons

Product Details Description

01 100% Baby Safe Silicone :

The baby spoons are made from 100% premium food-grade silicone. Safe for babies with no BPA, no PVC, no phthalates or anything harmful or toxic. It has no potential compositional-danger to children even chewed by teeth.

02 Made For Stage 1 Feeding :

The spoon is soft, Soft tip, 6.49 inches long, which is the perfect size for small hands and mouths, and handle is long enough for them to hold and grip. The flexible and soft spoon tips have no support inside and are not hard like plastic or metal spoons, which are good protection for babies' delicate and sensitive mouths and developing teeth. Excellent for first stage feeding or independent eating.

03 Easy To Clean :

Our silicone baby spoons require only a simple foam rinse .The material is naturally stain-resistant and odor-resistant that is also dishwasher safe to be easily cleaned and boil-proof for an extra deep clean.

04 Baby Gift :

This is a thoughtful and safe gift for a baby that will bring warmth and happiness.
