

Silicone Baby Spoon And Fork Set

Soft, safe, and easy to grip—our silicone fork and spoon set is designed with a rounded handle and anti-choke guard for worry-free self-feeding. Gentle on gums, perfect for little hands. Customizable for your brand. Ideal for modern parents who value safety, style, and functionality.

Product Details Description

01 100% Silicone Safe Non-toxic :

Our baby spoons & forks are BPA-free, BPS-free, PVC-free, phthalate-free, cadmium-free and lead-free.

02 Protective Barrier :

The choke barrier offers extra safety, stopping babies from sticking the entire spoon and fork in their mouth. These baby spoons self feeding are hand wash and top-rack dishwasher safe.

03 Independent Feeding :

Our baby eating supplies are ideal for little ones to learn how to feed themselves, simultaneously encouraging motor skills development.

04 Ergonomic Handle :

The short and rounded handle make it easier for babies to get food in their mouth. Durable & Long-lasting, Designed to withstand daily use, our silicone baby spoons and forks are durable and built to last, making them a reliable choice for your child's early feeding stages
