

Silicone Toy Strap Chain

Crafted from food-grade silicone, our one-piece silicone toy strap chain is safe, stylish, and easy to clean. Perfect for modern parents, it soothes teething babies while keeping toys close. Customizable colors and designs available to match your brand. Safe. Functional. Beautiful.

Product Details Description

01 Our baby toy safety straps :

Made of food-grade silicone, BPA free. They offer better elasticity and durability, ensuring they won't easily break or snap.

02 Cute Bear Animal Design :

Our baby toy straps come in six different animal shapes inspired by nature. With unique patterns and soft color combinations, our product keeps babies engaged, enhancing their cognitive, tactile, and visual senses.

03 Versatile Application :

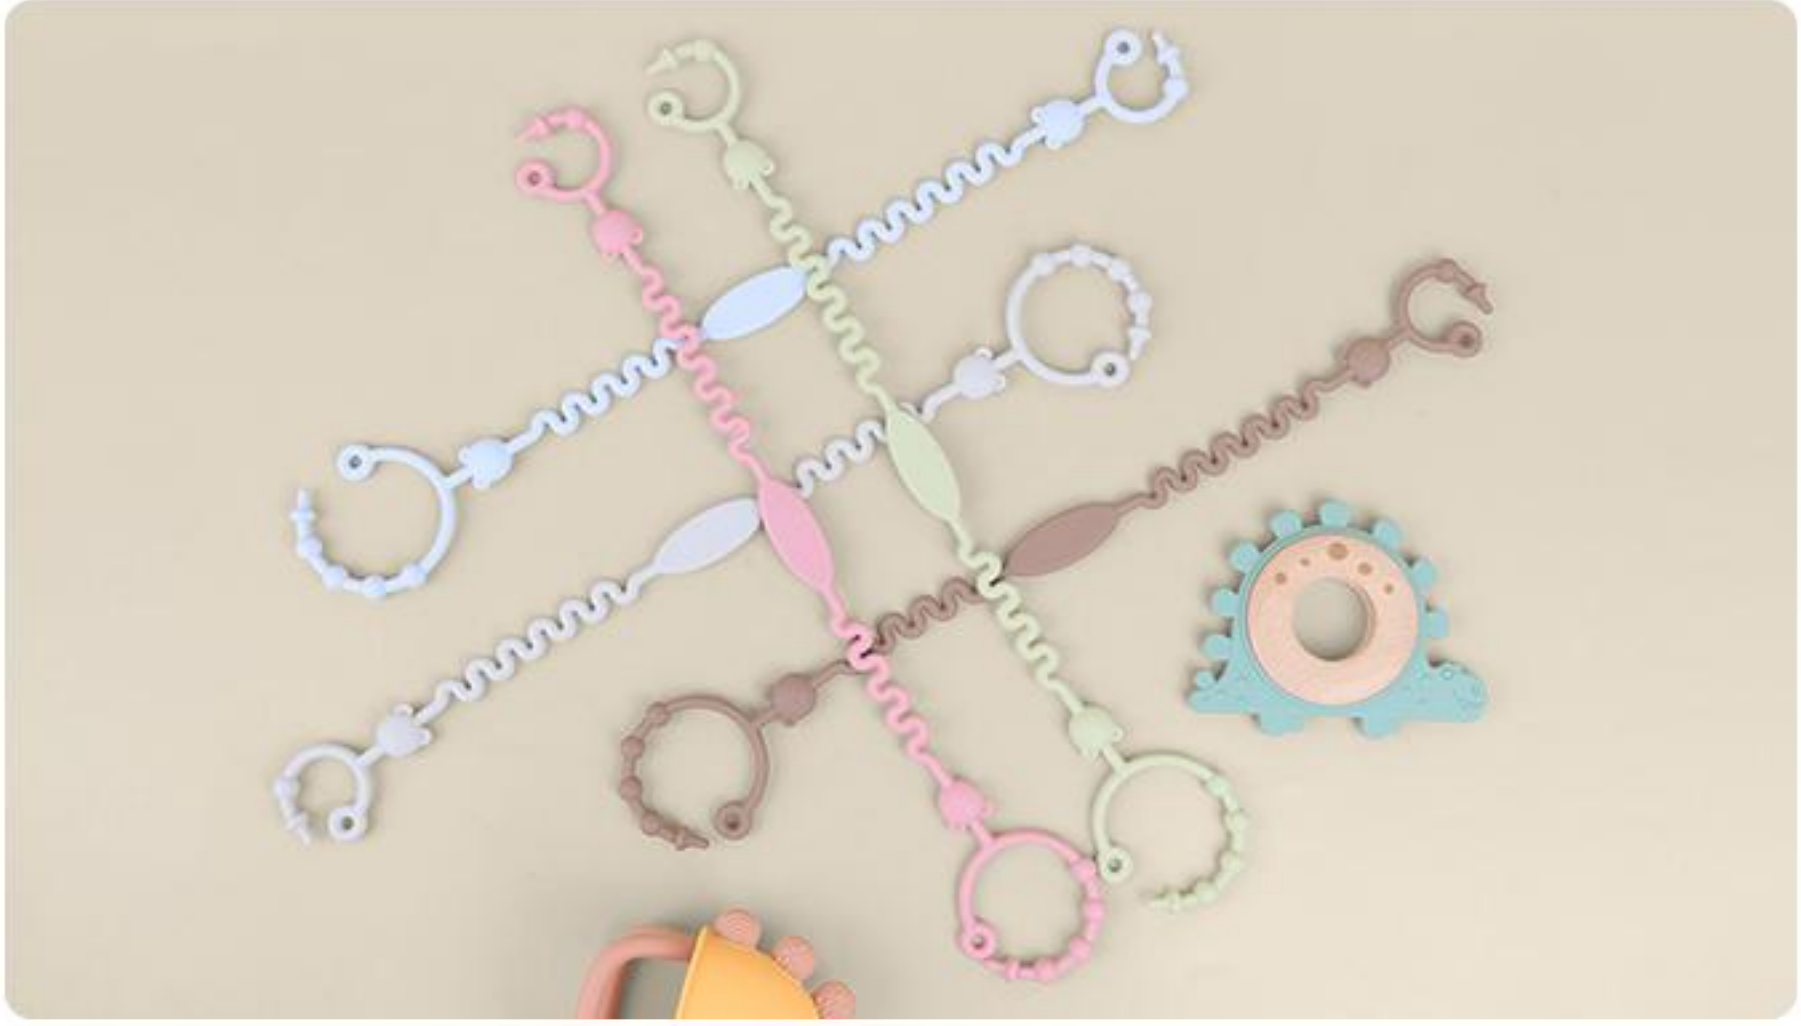

Our Silicone Straps for Baby Toys can be used to secure various child toys, teething toys, bottles, or other small items. It can be easily attached to high chairs, cribs, strollers, or car seats, preventing toys from being easily tossed away.

04 User-friendly Design :

Our toy holder straps are designed with six easy-to-use buckle designs, enabling effortless adjustment. With a one-piece design, there is no risk of any parts falling off. Our toy holders can be conveniently adjusted to the perfect size according to your needs, ensuring a secure fit.

05 Easy to Clean :

Our baby toy holder is dishwasher-safe.
